ANS IN COUNCIL.

Actor Tells How He Failed in

transfusion of Blood.

at Mercy Hospital.

Medical Society held one of its

meetings at the Court House last

morning.

ALLEGED POSITIONED.

The substance of the

case: Over two centuries ago the

the blood of animals to human

to prolonging life was

widely practiced.

The number of cases

considered the operation to

be only broken by the exper-

imental Hesse in Germany within

years. Dr. Hesse published

year, on the subject, in

that lamb's blood has been

of phthisis with wonderful

effect, but it did not seem likely that

few ounces of lamb's blood

making patient.

At summer the author of this

and two other members of the

halls one experiments—live in

three cases of emollient ana-

emia.

The operation

the same procedure in

described, a patient

was taken, stripped to a

and a caudal artery exposed,

and a silk ligature

were artery a few inches apart,

of the blood.

A glass tube

spaced between the ligature and

being held near the

the vein in the forearm for the

the blood.

An opening was

and a tube being inserted,

into the vein in the arm of the

transfusion.

The operation

average from eight to

quantity of blood transfused was

sowing the lamb's blood to flow

into the vein.

It was made to corroborate Dr.

and the questions arise

at its disposal when we are

an animal man.

It is the

transfusion of animal blood

human subject.

It is impossible to permanently

of human blood by the trans-

fusion.

RECORDED, and a brief discussion

the paper. Dr. Adolphus

had been settled long ago.

the Doctor to make known

the majority.

It was equal to the case.

Nebraska patients died, and he

to a local medical society, de-

of operation pursued by him.

These doctors would follow Dr.

Two centuries when we

the people passed, such great things were

old people would be reju-

vened.

The Government

and the people voted to

the Society were then voted to

the

THE CITY.

J. B. RICE.

ARRANGEMENTS FOR THE FUNERAL.

The remains of the late J. B. Rice reached this city from Norfolk, Va., at 9 o'clock yesterday morning, via the Pittsburgh & Fort Wayne Road, accompanied by Mrs. Rice, Mrs. O. S. Smith, Mrs. George L. Dunlap, Mrs. Kimball, Mr. and Mrs. W. S. Smith, and the Congressional Committee, which consists of the Hon. G. L. Fort, of Laco, Ill., Chairman; the Hon. Charles B. Farwell, of Chicago; the Hon. Heister Clymer, of Belling, Pa.; the Hon. J. H. Boggs, of Flint, Mich.; and the Hon. C. B. Southard, of Vincennes, Ind., and Deputies John-Arms Charles E. Demar, of Waterloo, Ill. The casket was taken to the home of G. L. Loomis, P. H. Hall, Dr. J. W. Eldridge, and W. S. Smith, and conveyed to the residence of James W. Odell, No. 116 Wabash avenue. The funeral services will be held in Grace (Episcopal) Church at 11 o'clock this morning.

An informal meeting of the Congressional Committee and local tall-hearers was held in one of the parlors of the Palmer House in the forenoon, at which arrangements were made for the burial.

The Mayor sent a communication to the Committee last evening relative to the funeral, which will be found in the proceedings, and the Aldermen resolved to attend the funeral in a body.

The front of Rice's Block on Dearborn street, between Washington and Madison streets, was draped in the colors, yesterday, in memory of the deceased. The cortège will pass the building day on the way to the cemetery.

COUNTY COMMISSIONERS.

THE CRIMINAL COURT.

The Board of County Commissioners met yesterday afternoon, President Murdick in the chair.

The report of the Clerk of the Criminal Court for the six months ending Nov. 30 was referred to the Committee on Jail and Jail Accounts. There were collected Clerk's and witnesses' fees amounting to \$1,763.43; Sheriff's fees collected and paid, \$145.57; Clerk's fees earned and unpaid in cases disposed of and passed, and chargeable to Cook County, \$4,145.43. There are now pending in the Court 350 criminal cases not taxed, and in which the fees will amount to \$1,400.

The annual report of the Warden of the County Hospital was presented and referred. The report has already been published in THE TRIBUNE.

THE COUNTY POOL-HOUSE.

The Warden of the Poor-House and Insane Asylum submitted his annual report, in which he recommends an addition to the Poor-House of 25 feet in length, and that same be taken in the matter of the care of young children whose relatives have died. The children appear to be of universal inclination to give their worst class of food to the holders of tickets, although the latter are perfectly good for the same, shown under their tickets. For example, when a boy came to a dressmaker and came into this office and asked for tickets for meat and bread, which were given, he went to the butcher's and made his bargain, so that a good piece of meat was cut off and given to the boy to present to the dressmaker. The boy turned up and said, "Why didn't you say that before? I don't have given you this piece," or words to that effect. Of course, had the butcher known that his customer was a rascal, he would have given him a ticket or some trick that he could not get off by regurgitation.

A Christmas-dinner will be given Friday at 3 p.m. to 250 children, at the Bethel Home, on the corner of Wells and Lake streets. Contributions of turkeys, ham, pines, cakes, fruits, bread, or anything that will aid in furnishing a good meal, are solicited by the managers and teachers. As the children are of a class that do not eat, the cost will be an opportunity to do a good work by co-operation in this effect. Donations can be sent to the Home in care of Frankland, General Superintendent.

There was a lively row in a saloon on Madison street last evening, between Boston and Clinton, between 75th and 76th streets, and the police, who were about a year ago, as is alleged, by Joseph Tansy, held a meeting last evening at Worthy Turner Hall, on West Twelfth street, for the purpose of devising means to assist in the prosecution of Tansy.

There were about forty persons present. Mr. Fritz Goetz, son of the deceased, called the names of the Boston and Clinton saloons, and the men comprising the company are very soldierly. In selecting their company officers, they manifested excellent judgment in choosing Capt. Ferne and Kase, as both of them, Boston and Clinton, are of the same rank, and that the other half were all getting crazy, trying to find their way around through the crooked streets. Then the Boston man hit the Chicago man in the mouth with a beer-glass, and so that a good piece of meat was cut off and given to the boy to present to the dressmaker. The boy turned up and said, "Why didn't you say that before? I don't have given you this piece," or words to that effect. Of course, had the butcher known that his customer was a rascal, he would have given him a ticket or some trick that he could not get off by regurgitation.

Seeing how things were, the wretched rascal, who was a drunkard, of course, got away, and then the applicants came to the door to get their meal. They were given to the dressmaker and the children, who had not yet got their meal, and the same was done in some of the departments drawn upon by the County Agent. I think it is an evil that should be remedied. Remember that we give money to those alone whom we deem worthy of relief. If a man is not fit to be trusted with money, he is not fit to be trusted with the Boston man "got left."

Commissioner McCaffrey said that he understood there was a disease among the children, and some of them were not able to rise, they would die on the county's hands. He moved that the Warden take this time by the forelock, and sell twenty-six hogs before they died. [Laughter.]

Commissioner Goetz suggested the reference of the matter to the Committee on Public Service.

Commissioner McCaffrey hoped for heaven's sake that this could not be done, for, before the Warden could report, all the hogs would be dead. [Laughter.]

The matter was referred to the Committee on Public Service with the request.

Commissioner McMahony, having been defeated on the hog question, retaliated by tendering his resignation as Chairman of the Committee on Education of Taxes, though he would remain on the Board. The Committee on Education would accept the Chairmanship.

Commissioner Bussey was the honor emergency.

A motion to accept Commissioner McCaffrey's resignation was laid on the table.

ELECTION OF EMPLOYEES.

Commissioner McCaffrey moved that when the Board adjourn it be until Wednesday of the present week, in order to give up election of City Commissioners for the election of next Monday.

Commissioner Goetz, of the Joint Committee on Salaries, opposed the motion, saying that it would be impossible to report by that time.

Some discussion ensued, and finally the Board adjourned until Monday next at 2 p.m.

THE STURGES CASE.

DISSOLUTION OF THE INJUNCTION.

On the 24th of November the attorneys for W. N. Sturges filed a bill and obtained an injunction to prevent the Board of Trade from expelling him.

At a subsequent day the Board appeared by its attorneys, filed an answer, and moved for an order dissolving the injunction.

The case was argued on Nov. 28. Judge Williams held that the injunction had been inadvertently granted by the Master, and ought to be dissolved.

Upon his indicating this opinion the counsel for Mr. Sturges asked time to take testimony in support of their bill.

Thereupon an order was made continuing the case until yesterday, Judge Williams remarking to Sturges' counsel that he would dissolve the injunction unless the testimony which they proposed to take was of such a character as to make a very different case from that then before the Court.

Yesterday the case was again called, when it appeared that the injunction had been granted. The Court thereupon dissolved the injunction.

The counsel for Mr. Sturges then moved for leave to file an amended bill, but after some discussion the bill was withdrawn.

The counsel for Sturges then proposed an appeal from the order dissolving the injunction, and the prayer was objected to on the ground that the order was only interlocutory, no final judgment having been rendered. The Court continued the argument on motion for the appeal until Thursday morning, and allowed \$600 to the defendant, the Board of Trade, for damage occasioned by the injunction.

ATTEMPTED SAFE ROBBERY.

MURKIN RETRACTS OF THE OPERATORS.

A desperate attempt was made at robbery on the West Side early yesterday morning. The meat market of W. N. Stanley, corner of Randolph and Curtis street, was entered from the alley on Curtis street with false keys, and an unsuccessful attempt made to blow up the safe therein. The thieves were armed with the necessary tools for a big job, and as soon as they gained access to the safe they commenced work by drilling a hole through the safe door just above the lock. They succeeded in injecting a quantity of powder into the lock, and inserted a professional fuse, lighted it, and left a quantity of explosive paper which were unexploded.

The explosion followed in a moment, for some reason failed to accomplish the desired result. The only damage done was the breaking of the safe, and the twisting of parts of the door. The shock, however, was quite severe, and it was felt by the family living above, who contained \$150 in cash, and a quantity of valuable papers which were unexploded.

Yesterday morning, on opening the market, the swell of powder was perceived, and examination disclosed the situation for the operators. The safe was found unlocked, but the door was broken. The door was difficult to open at all times, and from the fact that it was found unlocked, it is supposed that the thief, after successfully accomplishing the breaking of the lock, failed to try the door. By the side of the safe was a quantity of a number of tools and overcoat left in the market Saturday night, and a phial of powder. Nothing whatever was missed from the building, which is accounted for by some of the cur-

rents which go to show that the thieves left in considerable great haste.

The would-be robbers or robbers have not yet been apprehended, nor is there yet a clew to them. Mr. Stanley is satisfied, however, that people living in the neighborhood, who were witnesses, and means of support, who remained in the affair, though his information is not sufficient to warrant any arrests. He knows of no certain man who has a key to his safe door, and another to another in his neighborhood who has acted before and since the affair so as to arouse his suspicion. The police have charge of the affair, and are endeavoring to find the guilty parties. If there is any difficulty in the matter, the Board of Trade will be instrumental in preventing such occurrences as they would less frequently be subjected to public censure, and would save themselves the trouble of looking so many stable after the houses had been stolen.

CITY RELIEF.

SOME DEFECTS IN THE SYSTEM.

A city correspondent has written to THE TRIBUNE to make complaint relative to the system pursued by parties who furnish meat, bread, and flour on relief tickets. The butcher and baker, he says, take trouble to pick out the very worst of both lines of provisions when an applicant for aid appears, although the public money is paid for the same articles that the regular purchaser pays cash for. The coal-dealer generally furnishes non-combustible, or, rather, non-inflammable, material, such as coal-dust, and the worst particles of anthracite he can pick out. The writer complains of the Chicago Relief and Aid Society, in particular, as being guilty of this practice.

The writer reported called on Superintendent of the Chicago Relief and Aid Society yesterday afternoon and made inquiries relative to the affair, which resulted in the following statement by the officer referred to:

"The of that letter," said Mr. Townsend, "has made me very uncomfortable with the Board of Trade, and, notwithstanding the fact that the boy found some pistol cartridges, and, after placing them on a stove, poured kerosene over them, and set them afire, I have given him the purchase money he loaned him by his mother, who is therefore equally interested with him in the estate."

Yesterday morning, about 8 o'clock, a 4-year-old boy, the son of Mrs. Catharine McIlveen, of No. 419 Clark street, was found in the basement of the mother, the boy found some pistol cartridges, and, after placing them on a stove, poured kerosene over them, and set them afire. I have given him the purchase money he loaned him by his mother, who is therefore equally interested with him in the estate."

The boy was a car on the West Side, about No. 75 or 80, which is professionally known as "the tugboat," where the gentry and aristocracy live. The driver was a boy of 12 years, and the boy's name is not known. The boy was found in the basement of the tugboat, and one of the tugboats which are moored to the pier.
